

## NE Anthony Henday: Manning Drive interchange

### Currently under construction

- Three new overpass bridges for southbound to eastbound traffic
- Ongoing drainage and earthworks

### Traffic considerations

- In June 2013, two half-day detours occurred over a weekend to accommodate girder installations
- Speed reduction to 70km/h to ensure a safe work zone

### Open to the public in 2016

- Connects Northeast Anthony Henday Drive to existing Northwest Henday
- Becomes an all direction free-flow systems interchange
- Three new ramps
- Three new overpass bridges
